While offering prayers at the National Parliament, MP Said Uddin Ahmed Hanzala from Madaripur-1 encountered an unusual situation. After finishing the prayer, he discovered that someone else's shoes had been left in place of his own. He shared the incident in a post on his verified Facebook page on Monday night (March 30).

In the post, Hanzala mentioned that after the prayer, he realized someone had mistakenly taken his shoes and left another pair behind. It is believed that the shoes were accidentally exchanged.

He described the incident as a small yet unique experience in his life. In a lighthearted tone, he wished well for the person who took his shoes by mistake and requested that, if they happen to see the post, they kindly return them.
