

The rescue team of the armed forces is going to Myanmar today

An armed forces rescue team is going to the country to assist in the rescue of Myanmar affected by the earthquake. The rescue team on a special plane will leave for the country on Sunday (30 March )

The Inter -Services Public Relations Department (ISPR) said this in a notice on Saturday (March 27th).

According to the notice, the rescue team of the Bangladesh Armed Forces is going to Myanmar on Sunday to provide drugs, relief materials, rescue and medical assistance in Myanmar, the earthquake.

Last Friday (March 27), a magnitude 9.5 magnitude earthquake was felt in Myanmar. Then there was another after -shock of 5.75 levels. So far 5 people have been reported to death. The number of casualties could exceed 1,000, the United States Geological Survey (USGS) said the US Geology Survey and Research Agency.

In addition, Thailand also shook the earthquake. It collapsed a number of buildings, including a building under construction of Bangkok, the country's capital. Meanwhile, in addition to Thailand, vibrations are felt in southwestern China, India, Vietnam, Laos, Cambodia and Bangladesh
